

Dreamtool Entertainment Production for Feature Films and Television

“It’s our teamwork that makes the dream work!” – The determined motto of both Dreamtool heads and company’s founders, **Stefan Raiser** and **Felix Zackor**.

Since our doors opened in 1999, the Munich based Production Company Dreamtool Entertainment, has produced over 1,400 minutes of TV movies and feature films to date. Dreamtool Entertainment, with offices also in Ludwigsburg, works with all major German TV broadcasters and international partners, covering the broadest spectrum of film making. Art house to mainstream. TV movies to international co-productions. Movie of the week to miniseries. We’ve done it all.

Dreamtool Productions assembles the best crew in front and behind the cameras, guaranteeing high ratings and great entertainment, while maintaining a top position amongst German production companies.

In January 2008, Jan Mojto’s Beta Film took a 49% ownership in Dreamtool Entertainment. This was Mojto’s first investment into a traditional production company.

Also in 2008, the 120-minute Action Adventure, **“The Charlemagne Code”**, became the most successful event movie for broadcaster RTL. This movie, telling the story of an exciting hunt for the lost treasure of the Nibelungs, attracted 4.16 million viewers and reached a market share of 21.6% in the target age group of 14-49. During three weeks in October 2010, *The Charlemagne Code* constantly maintained position 6 in China’s movie charts and generated box office results of more than US\$1.5 million. The film was nominated for the German TV Awards in the categories that includes “Best TV Movie/Mini Series”, “Best Actor in a Leading Role”, “Best Music” and “Best Visual Effects”.

The sequel, **“The Spear of Destiny”**, which aired April 1st, 2010 by RTL, reached a market share of 20.8% in the same target group and again, became the overwhelming primetime winner. FFF Bayern and Filmfoundation NRW funded this €5.3 million Dreamtool production.

In June 2010, Dreamtool produced the 90-minute RTL Action Comedy **“Kung Fu Mom – Agent with Kids”** in which Dreamtool took a unique path to create the cast. In co-operation with Munich caster Daniela Tolkien, Dreamtool started an overall webcasting. Filmfoundation NRW, MEDIA and FFF Bayern, have all funded the backdoor pilot with a budget of €4 million.

From August until mid October 2010, Raiser and Zackor produced the extensive RTL disaster movie **“Bermuda Triangle North Sea”**. The leading roles in this 130minutes and

€5.7 million project are played by Hannes Jaenicke, Bettina Zimmermann, Karoline Eichhorn, Josefine Preuss and Gudrun Landgrebe with the support of Filmfoundation NRW, FFF Bayern and Nordmedia.

In the summer of 2011, Dreamtool will start the production of its third Action Adventure **“The Hunt for the Amber Room”** for private broadcaster RTL. Starring Bettina Zimmermann, Kai Wiesinger and Fabian Busch, this TV movie will be directed by Academy Award Nominee and winner of the Student Academy Award, Florian Baxmeyer.
